

Why become an ACP member?

Join us—we are stronger together.

Physician Affiliates

ACP works for physicians, providing top-quality, evidence-based content through numerous resources and offering bedside support, general clinical and practice knowledge, and physician wellness updates.

Membership benefits for physician affiliates include:

- **Top-tier clinical and practice resources**—Receive an online subscription to *Annals of Internal Medicine*, evidence-based clinical guidelines and recommendations, and unlimited free access to the clinical decision-support tool DynaMed®. Plus, sign up for ACP JournalWise® to get free personalized literature alerts from over 120 medical journals.
- **Steep discounts on many resources**—Enjoy MKSAP® for lifelong learning, courses, and national and local meetings—many with opportunities for CME and MOC.
- **Timely clinical and practice tools**—Access high-quality clinical guidelines, patient education resources, and practice resources to enhance your clinical knowledge and patient care.
- **Networking**—Connect with a broad network of internists and other health care professionals.

As internal medicine evolves and new technologies and treatments develop, ACP will continue to create clinical content that will enable you to stay current throughout your career and lifelong learning journey.
